About us

EGY POWER is a trusted Egyptian company specializing in the supply and distribution of electrical conduits, fittings, flexible pipes, cables, earthing systems, and electrical accessories. With a strong commitment to quality, reliability, and customer satisfaction, we support contractors, consultants, and project developers with comprehensive electrical solutions tailored to the needs of modern construction and industrial projects across Egypt.

Vision & Mission

To be the trusted name in electrical conduit distribution and
installation materials in Egypt, recognized for quality, innovation, and service excellence.
